25th Anniversary Celebration**

Celebrating 25 Years of Promoting Project Management Excellence

By now many of you will have considered our invitation to the PMI OVOC 25th Anniversary Gala Dinner Dance on November 10. We hope that you are intrigued by the prospect of spending an evening in Little Italy, enticed by the sumptuous five-course dinner and decadent dessert buffet, and encouraged by the availability of free parking.

But one wonderful evening is not all there is to the 25th Anniversary celebration – far from it. We have a number of activities planned to help us truly take pride in our chapter's accomplishments over the last quarter century. Here are some of the highlights. More details will be coming your way in emails and newsletters over the next few months.

- Members who have made outstanding contributions to the success of PMI OVOC will be honoured with 25th Anniversary Recognition Awards, to be presented at the Gala Dinner Dance.
- Our commitment to developing project managers, as well as our connection to the community, will be demonstrated by the establishment of scholarships to be awarded to deserving students at local post-secondary institutions.
- Chapter memorabilia will be collected for display at the Gala Dinner Dance and on the chapter website. An updated chapter history will also be published on the chapter website.
- A civic proclamation will be requested to declare Project Management Day, highlighting the importance of project management in all fields of endeavour and the strength of our local community of project managers.

For more information, please contact the 25th Anniversary Project Team at 25thAnniversary@pmiovoc.org .
