

Why Join the Tiree Team?

As a leader in the project management industry, we deliver complex and cutting-edge real property projects across Canada and abroad.

Our people make Tiree a truly great place to work. Since our inception, we have enjoyed steady growth and continued success that is directly attributed to our dynamic group of over 300 project managers, engineers, architects, financial specialists, project administrators, and interior designers.

As a team, we collaborate to support our clients and build our communities through the delivery of transformational projects.

Your Challenge:

As a Senior Project Manager at Tiree you will be responsible for the planning and delivery of some of the most exciting complex projects in the National Capital Region. You will be working with our clients to provide leadership, and work diligently to ensure excellent team/client relationships and communications.

Your Day to Day:

- Day-to-day management of assigned project(s) including all aspects of scope, cost and schedule control
- Produce key project management deliverables: project management plans, risk management plans, change management procedures
- Manage specialist teams, reviewing project costs and resolving variances with predetermined budgets by recommending action and resolving conflicts
- Manage and monitor the day-to-day delivery of the programs/projects and services of the organization in accordance with contractual requirements, defined methodologies, and to the highest standard of service delivery
- Identify and resolve strategic risk issues with clients
- At the completion of the program/project(s) initiate and oversee formal close out documentation, including lessons learned

The Experience You Bring:

- Degree or diploma in Engineering, Architecture, or a relevant field
- Experience working on large scale Real Property projects
- Ten or more years experience as a Project Manager supporting construction or engineering projects of high-complexity and value
- Strong knowledge of project management best practices and a track record of successful delivering projects worth over \$50M

- Excellent written and verbal communication and presentation skills
- Strong computer skills, including a working knowledge of scheduling (MS Project), word processing (Word) and spreadsheet (Excel) software applications
- PMP designation accreditation is an asset
- Experience working in the public sector
- Eligibility to obtain Government of Canada security clearance

Our Benefits

There are many benefits to joining the Tiree Team, including:

Our People – work with industry leaders and best-in-class project teams

Our Projects – work on the most iconic and exciting real property projects

Our Culture – work within a vibrant corporate culture, with a full schedule of social events and a comprehensive health and wellness program
